AFTER YOUR VENUE TOUR, WHAT'S NEXT?

1

Confirm your preferred available wedding date.

The events team will then send the final event estimate along with all event agreement documents for your review and signatures.

If you have any questions or concerns, please do not hesitate to ask the Aquatopia Events team. If required, a revised estimate can be sent to you for your review and approval.

2

Once signed and accepted, our management team will countersign each document, and you will receive a fully ratified copy.

Then, we will process your initial retainer payment and send you a welcome email with your retainer payment receipt.

3

Planning Timeline

YOU ARE OFFICIALLY
BOOKED!

You will have access to our online planning software as soon as your booking has been confirmed.

The planning process can vary depending on the timeline leading up to your wedding day. Shortly after booking or around eight months before your wedding day, your Wedding Coordinator will be in contact with you to introduce themselves and begin the planning process. The Coordinator will help plan all logistics details and will schedule an initial logistics meeting with you.

4

We host menu tastings bi-annually. Your menu tasting will be scheduled based on the date of your event. Our culinary team will reach out to discuss all the details of your menu and schedule your menu tasting, if applicable. This is when you will be able to make your final menu selections.

5

Around six months before your wedding, our floral & decor team will reach out to schedule your initial design meeting where you will discuss all your decor visions and a suitable budget.

All final numbers are due twenty-one (21) days prior to your wedding day.

Any Final Change Requests

Payment Schedule

An initial retainer payment of \$4,000 will be processed in order to secure your date.

This amount is reduced from your total estimated amount and the remaining balance is split into equal monthly or quarterly instalment payments leading up to your wedding day.

These instalment payments will be processed on either the first (1st) or fifteenth (15th) of the month, depending on your event date. All payment details will be outlined within your agreement payment schedule.

The retainer payment is typically processed using the credit card number provided in the Event Agreement.

The instalment payments are processed using Pre-Authorized Debit (PAD). A PAD Agreement will be sent along with the event agreement documents.

The final payment, due prior to your wedding day, will be calculated with all final numbers. This payment can be made by bank draft or certified cheque, cash, or electronic funds transfer (EFT).

POLICIES & GUIDELINES

Contingency Fund

You may have a contingency fund added to your proposal estimate if you are looking to book for future years.

The contingency fee is to help prepare you for any potential pricing increases.

Our new pricing, and any increases, will be determined at the beginning of each calendar year.

We will then update your proposal estimate with the new pricing and will remove the contingency fee.

The amount paid will act as a pool of funds to help pay for any such increases.

Parking

There is complimentary on-site parking at Aquatopia for your guests. Guests may leave their vehicles onsite overnight, if needed. We simply ask that they be picked up no later than 12pm the following day.

Important Information

POLICIES & GUIDELINES

Postponement & Cancellation Policies

Event postponements are not permitted once an event agreement is ratified.

Should you elect to cancel the event, any retainers, as well as any instalment payments made on or before date of cancellation, shall be forfeited and are non-refundable.

If you must cancel your event for any reason, through your own efforts, you may choose to sell and assign your wedding agreement and date to a third party. This option requires Aquatopia's written consent, and administrative charges will apply.

Please refer to your Event Agreement or ask our Wedding & Events team for further details.

Prohibited Items

Due to the complex nature of our buildings mechanical and ventilation systems, items such as: pyrotechnics, fog, bubbles, balloons, birdseed, silly string, rice or smoke cannot be used inside or outside the facility without prior written approval from Aquatopia Management.

Note that glitter and confetti are strictly prohibited here at Aquatopia due to the environmental harm they cause.

A \$500 levy will be charged for any unauthorized use of these items.

Floral &

Decor

POLICIES & GUIDELINES

Floral & Decor Process

Approximately six (6) months prior to your wedding day, our floral & decor team will reach out to schedule your initial design meeting where you will discuss all of your design visions and a suitable budget.

After the meeting, our floral & decor team will create a detailed and personalized floral & decor proposal. This will be sent to you for your review and comments.

An accepted floral & decor proposal will be due on your final numbers due date, twenty-one (21) days prior to your wedding.

This accepted amount will replace any initial budgeted amount indicated on your original estimate.

Outside Floral

The interior of Aquatopia is a living, breathing ecosystem. As such, no external real or replica flowers, or plant material are permitted to enter our facility. All floral & decor must be provided and/or coordinated by our in-house Floral & Decor team.

Floral & Decor

POLICIES & GUIDELINES

External Vendors

In order for us to better manage and coordinate all aspects of your wedding event, all external decor rentals must be coordinated through our in-house floral & decor team.

Our talented design team can source, build, or create just about any wedding design element for you.

While our floral & decor catalogue provides you with an initial inspiration, please feel free to let your design imagination run wild, and share your ideas with our team.

Personal Decor Items

We encourage you to bring in personal decor items, such as photos or memorial objects, guest book, signage, guest favours, etc, to give your wedding day a little personal touch.

Please discuss your personal decor item ideas with our Floral & Decor team so they may include them in your wedding event design.

BEVERAGE

Bar Package Selections

Approximately two (2) to three (3) months prior to your wedding day, our Bar Coordinator will reach out to begin discussing your preferred beverage selections and help you choose the appropriate types and amount of drinks or alcohol needed to accommodate your guest count.

Alcohol Permit

Our Bar Coordinator will apply for the Special Occasion Permit (SOP) specific to your event, on your behalf.

The cost of the permit itself will be added to your bar bill, and processed closer to your wedding day.

Policies

As a wedding day is an elegant affair, Aquatopia has a no shot policy to prevent your guests from becoming intoxicated during your wedding.

A single round of shots may be served to your guests to accommodate religious or cultural traditions.

The bar will be closed during seated dinner service to ensure your guests remain in their seats to receive their correct meal.

Food &

Beverage

POLICIES & GUIDELINES

BEVERAGE

Alcohol Ordering & Returns

All alcohol must be purchased under the Special Occasion Permit (SOP) specific to your event, which we will apply for on your behalf, and must be purchased in the province of Ontario through the LCBO, The Beer Store, a licensed distributor or a licensed winery/brewery/distillery that accepts orders placed under an SOP.

Once we receive a copy of the SOP for your event, you have two (2) options available when purchasing alcohol:

1. Aquatopia can order, purchase & pickup the alcohol on your behalf.
2. If you prefer, you may purchase alcohol for your event on your own, and schedule a drop off to our facility the week of your wedding.

We will then store, chill, and serve it to you and your guests on your wedding day.

Any remaining alcohol will be returned to you immediately following your event or on the next business day.

Returns of unopened bottles to the LCBO are only available for the self-purchase option.

POLICIES & GUIDELINES

Live Musicians

Live musicians may be added as a supplement to any wedding package. They do not, however, replace DJ or AV Technician Services.

Our facility can accommodate up to a 5-piece musical group.

Note:
Additional production fees may apply, and stage area is limited.

External DJs & Bands

External DJs and Bands must fill out all required documentation and provide proof of insurance in order to perform at our facility.

Due to safety, liability, and quality concerns, external DJs cannot be a guest at your wedding, and must be a reputable professional.

Aquatopia AV Technicians

A house technician is automatically included in our audio & lighting package to assist with all audio & visual requirements.

Audio & Visual Notes

POLICIES & GUIDELINES

Lighting & Sound Systems

Full, professional lighting and sound systems are built into our venue and are controlled by Aquatopia's technicians. Both services are included in all of our wedding & event packages.

Dance Party Fog & Strobe Lighting

We use strobe lighting as well as water based theatrical fog to enhance dance lighting. Please let us know, in advance, if these special effects might present a health concern for you or any of your guests.

Videographers

Videographers may provide our technicians with a USB flash drive or recording device to record speeches and/or music for use in their post production editing process.

Music Selections

Approximately three (3) months prior to your wedding, our team will put you in contact with our house DJ to discuss your music selections and preferred music styles.

If you do not have a DJ as part of your wedding package, your music selections can be discussed directly with your Event Coordinator.

Additional Planning Notes

Hotel Accommodations

There are several nearby hotels within a 15-minute drive from Aquatopia to provide you and your guests with accommodation services. Speak with our Events team for further details and locations.

As part of our Traditional Wedding packages, a complimentary night stay at the Brookstreet Hotel is included for the newlyweds. We take care of booking this for you.

If you prefer to stay at another, nearby hotel, simply let our Event Coordinator know and we will adjust accordingly.

If you would like to reserve a room block for your out-of-town guests, this can be done directly with the hotel of your choosing. Feel free to reach out to them directly to discuss all of the details and make the reservation.

Nearby Rental Properties

There are nearby rental properties available for spacious group accommodation settings that are well suited for pre-and post wedding day gatherings, such as rehearsal dinners, brunches, and private parties. Our culinary team can also provide you with an onsite chef, allowing you to be fully present for your guests during your stay. Speak with our Events team for booking details.

Additional Planning Notes

Facility Temperature & Timelines

Events may begin as early as 3:00pm and end as late as 2:00am. We recommend that events held in June, July or August start no sooner than 5:00pm.

Aquatopia is heated and maintains pleasant temperatures throughout the winter months. In the summer, the Aquatopia greenhouse is openly ventilated to the exterior, maintaining a temperature that is typically no warmer than the outdoors. For summer events held during warm weather, guests are encouraged to dress appropriately as if the event they are attending was being held outdoors.

Pets & Companions

Domesticated pets are permitted to participate in a wedding ceremony or presentation. Pets are required to be leashed or caged and under the care of a responsible handler at all times. Following the ceremony or presentation, pets are required to leave our premises. In the event that the pet damages or soils the facility or merchandise, the client will be responsible for the clean-up costs and/or repairs.

Service animals are welcome anytime.

Additional Planning Notes

Access to the Venue & Photos

For a Traditional Wedding, the wedding party, along with your photographer and/or videographer, have access to the venue two (2) hours prior to the ceremony start time.

For a Zen Wedding, you have access one (1) hour prior to the ceremony start time.

This early access allows you to take some initial photos or just relax and settle in for your big day.

If your ceremony will take place offsite, your wedding party will have access to the venue thirty (30) minutes prior to your guests' arrival.

Aquatopia is a preferred wedding location for many award-winning photographers because of the fabulous lighting conditions and the many beautiful photo locations inside and outside our facility.
